Note: There is no problem with reliance on positive asbestos or lead results (asbestos/lead paint detected). However, there is no assurance that other contractors, regulators, prospective purchasers or other parties will be able to rely on negative results without verification that these samples were collected properly. Local or state regulations may require testing be performed by a licensed professional.

Rate Schedule: (add an \$35 additional prep fee per sample for vermiculite-containing samples)

- ❖ 1st sample \$50 plus \$25 for each additional sample (2 week turnaround)
- ❖ additional rush services (1 week or better results) may be available on a quote basis
